THE MISSION OF URBAN IMPACT

"Before change occurs in a person's life, it must occur in a person's heart."

At Urban Impact, we work to make that happen through holistic community outreach to meet the needs of the whole person. We meet academic, physical, emotional, and social needs, but to neglect spiritual needs is to fall short.

When the Word of God reaches the hearts of young people, real change begins. Broken spirits are restored, and a path is made for hope to inspire an entire family. When families change, something even bigger happens: neighborhoods change.

We ask for God's guidance to build positive relationships with children, youth, and their families. Our mission is to do our part in fulfilling Christ's Great Commission by working to change Pittsburgh's North Side *one person, one family, one block at a time.*

EDUCATION

Urban Impact's Education Department provides tutoring services to all ages, in-school literacy and math support, and a Summer Day Camp focused on limiting regression over the summer months in reading and math. Tutors and volunteers work hard to maintain a loving atmosphere in the classroom, incorporating Biblical components into teaching whenever possible.
